

J

**Downloading and piecing together all of the pattern pieces**

- A.** Print out all of the pattern pages onto separate sheets of A4 paper. The individual pattern templates are too large to print on a single sheet of A4 paper. See the instructions below on how to piece them together.
- B.** Lay out the A4 pages and match up the corners of each page with the corresponding numbers on the other pages. Once matched up with all their adjoining pages, trim each page along the crop marks with your ruler and craft knife, then tape the pages together. Repeat to attach any additional pages.

The image shows a grid with 15 columns and 20 rows. A thick vertical line is drawn between the 10th and 11th columns, extending from the top edge to the bottom edge. A thick horizontal line is drawn across the top of the grid, between the 1st and 2nd rows. The remaining grid lines are thin and light gray.
